

Thursday 5th January 2023

Dear Parents/Carers,

As part of our schools PSHE curriculum, year 6 will receive their Relationships and Sex Education this half term. These lessons will take place once a week for an hour (apart from the reproduction lesson, which will take place for in a whole afternoon).

The education is based on national guidance and is delivered by your child's Class Teacher.

The lessons will cover the following topics:

Year 6

- Changing & developing friendships (including online)
- Risks linking to alcohol
- Puberty
- Reproduction
- Birth and babies
- First Aid

By law you do have to option to withdraw your child from sex education lessons (reproduction and birth and babies) but not from the health lessons due to the government legislation that commenced from September 2020. We strongly believe that withdrawing children undermines their right to access information which is important to their health and wellbeing.

If you wish to withdraw your child from the lesson, please bring the attached form below.

If you have any queries about the content of the lessons, or the resources used please do not hesitate to contact me.

Yours sincerely,

Miss Vincent
Year 6 Class Teacher
PSHE, RE and English and KS2 Reading Lead

Year 6 Sex Education –

I DO NOT give permission for my child to take part in the Sex Education lessons.
