

Welcome back! I hope you have all had a wonderful, well deserved Easter break. I am looking forward to starting an exciting new term. This term we will be continuing to encourage our school rule of respect, ready and safe. This term the year 2 children will be completing their SATs papers, I am positive the children will do amazingly well and all their hard work will pay off. The class have adapted well to our behaviour policy, so I am hoping that everyone this term will remain on green and therefore will get all their green time reward at the end of this term.

### Maths multiplication and division Year 1

The children will begin their topic on multiplication and division. They will start to count in 2's, 5's and 10's. They will learn what equal groups and how to double numbers.

### Year 2 Fractions

The children will be starting their new topic—fractions. They will learn, half, quarters and three quarters. The children will then learn to apply this knowledge to mathematical problems

$$\frac{1}{2}$$

1 — numerator  
— dividing line  
2 — denominator

### Geography

#### The Seven Continents

We will learn what a continent is, what they are called and where they are located. They will be introduced to the idea of the equator.

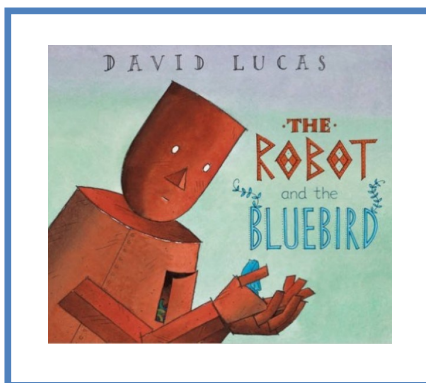

### PE:

### Class messages:

Outdoor PE will taken place on a Thursday morning.  
Indoor PE will taken place on Wednesday afternoon.  
Homework will be sent home on a Friday, can this be returned on a Wednesday.  
We will be completing spelling tests on Friday  
Children will need their reading books in school daily in order to red with the children

### Important dates to remember:

- 1st May—Bank Holiday
- 8th May—Bank Holiday—Kings Coronation

### English:

We will be reading the book The Robot and the Bluebird. The book has a lot of exciting new vocabulary that the children will learn, understand and apply to their own writing. The children will also have the opportunity to create their own robots and develop a piece of writing along side this using all the knowledge we have learnt from our SPAG lessons

### PSHCE & RE:

#### RE

What did Jesus teach and how did he live?

#### PSHE— ECONOMIC WELLBEING

To begin to understand money and the difference between needs and wants

### Science: Plants

We will be learning about plants, what they need to survive and their structure. They children will have the opportunity to work scientifically by planting cress seeds and carrying out investigations. They will be using real plants in order to learn the structure of a living plant and how these survive.

### Computing:

#### Algorithms debugging

This combination of unplugged and plugged-in activities develop an understanding of; what algorithms are, how to program them and how they can be developed to be more efficient, introduction of loops

### Music: . ON THIS ISLAND; BRITISH SONGS AND SOUNDS

The children will learn about the music of the British Isles and create music of their own. They will compose their own piece of music.
