

GENERIC LOCAL WALK CONSENT FORM

As I am sure you are aware, regular opportunities for outdoor and offsite learning are encouraged at West Vale Academy and are planned into the curriculum for each year group in the school.

Currently, each time we take children out of school, we have to ask you to consent. To make the process of local walks a little less complicated, I would be grateful if you would sign the consent form below to cover any local visits for this academic year. With a generic consent form there will be no need to request permission for every visit your child takes out of school if within the local community or area.

Local means any trip where the children travel by walking in the community within the area. Such visits would of course have the correct ratio or staff to children and risk assessments will be carried out for each trip/visit/walk etc.

We will continue to inform you as and when these local trips/walks will take place and inform you if they are required to bring in any alternative clothing.

On those occasions when visits involve any kind of cost or where we are traveling over a greater distance, you will receive a letter with details and consent form as usual.

If you have multiple children in school please complete one form for EACH child.

Please return this form to the school office with the information below fully completed:

Child's Name	
Child's Class	
Parent Name	
Parent Telephone Number	
Parent Email	
Parent Signature	
Do you give your child permission to go on local walks/visits/trips etc within the local area and community during the academic year 2023-2024?	Yes / No
